

## Diamond Classic

"SUP boards for real wave riders"

This full range of boards will be able to satisfy all riding levels in all conditions, from small to big surf. A full wide nose with a retro style diamond tail outline with narrow lines towards the tail allow these boards to catch waves easily and maximize the potential of quick bottom turning on the spot once you are riding. These are innovative and functional boards for serious riding.

### Diamond Classic Features:

- A full wide nose with a retro style diamond tail outline with narrow lines towards the tail allow these boards to catch waves easily and maximize the potential of quick bottom turning on the spot once you are riding.
- A full double rail shape keeps a very flat comfortable deck for foot positioning while enhancing full speed control with the lower super thin part of the rail that touches the water.
- Every board is equipped with a double mast foot insert to be used for windsurfing.

### Technology:

The entry-level epoxy technology, solid and durable with a full glass and double wood stringer lay-up.
