Full Carbon Paddles Line

Full Carbon Performance paddles

Our top range of paddles for hi-performance passionate SUP riders.

- **Full Carbon Blade with 2 pieces fixed length shaft**, 210 cm (cut down to size). This is a perfect choice for a rider that travels with their bike to the beach or travels around the world without the board, but demanding their own reliable paddle. Delivered with a fully padded bag.
- **Full Carbon PRO Blade with fixed shaft**, 210 cm (cut down to size). A beautiful 12K clear vision tuille carbon fiber shaft to maximize stiffness. A medium size area blade with beveled edges in order to enhance water penetration and keep a good amount of buoyancy. Recommended for waves and all round performance SUP riding. A super stiff super light shaft keeps the weight of this state of the art paddle down to an outstanding 650 grams (at full size of 210 cm!). Delivered with a fully padded bag.
- **Full Carbon RACE Blade with fixed shaft**, 210 cm (cut down to size). A beautiful 12K clear vision tuille carbon fiber shaft with shape to maximize stiffness. A super small size area blade with arrow shape and beveled edges in order to maximize water penetration and allow quick, powerful continuous strokes. A super stiff, super light shaft keeps the weight of this state of the art paddle down to an outstanding 580 grams (at full size of 210 cm!). Delivered with a fully padded bag.
