

WaveCult Qu4^d/single FIN Limited Edition FIN

"Speed, control, perfect front or backside turns"
Program: Wave Classic Single fin/Quad

The new Wave Cults V4 are completely re-designed shapes. Together with their "Hardcore Wave sisters" they complete the range of new innovative wave boards shapes for "everyday conditions" all over the world. Sharp, fast, instinctive and very sensitive to footsteering these boards will never let you down. Whether the wind is gusty or the waves are mushy they will give you the looseness AND grip that you require to rip. They also excel in firing conditions and have the widest range of wave usage in the RRD wave collection.

Configurations

The **Single Fin** configuration allows you to maximize grip and control and the Wave cult shape and rocker line will give you the early planing and upwind ability so often required to make your high wind sessions and wave sailing that much more easy.

The **Quad fin** set up allows the boards to have looser bottom turns and very sharp precise top turns. The Cult Quads will provide you with speed and turnability yet with the extra grip provided by the Quad fins you also get the early planing and upwind ability so often required to get you out the back and catching more waves

The WaveCult LTD V4 features:

Flat rail-to-rail entry on the very nose, which then evolves into a full V rail-to-rail configuration from the mid board section all the way down to the tail. A Slight double concave in the middle hull section gives the board improved stability. The Max width point positioned about 10 cms further forward alongside a wider nose has allowed us to create some great balanced proportional lines in the middle/tail section of these boards. This allows the middle and tail lines to be very harmonic and maintain a constant curve all the way to the very end of the board. The full rail shape and the generous TUE (tucked under edge in the rail) in the front allowed us to create some fast yet very turny wave boards that will be in perfect control in both rough waters or marginal and gusty conditions.

Technology:

EXCLUSIVE Custom-made full sandwich with **Biaxial Glass**, which give us the best results in terms of weight/strength. We kept Epoxy/Herex 100 stringers on bottom all the shapes

Wave Cult LTD Single Fin

Model	Wave Cult 75 LTD Single Fin V4
Volume	75 lts
Size	230x56cm
Fin	MFC K-One G-10/C22
Fin box	US
RS S	37.5/2

Model	Wave Cult 83 LTD Single Fin V4
Volume	83 lts
Size	231x58cm
Fin	MFC K-One G-10/C23
Fin box	US
RS S	40.5/7

Model	Wave Cult 92 LTD Single Fin V4
Volume	92 lts
Size	232x60cm
Fin	MFC K-One G-10/C24
Fin box	US
RS S	45.6/2

Wave Cult LTD Quad

Model	Wave Cult 75 LTD Quad Fin V4
Volume	75 lts
Size	230x56cm
Fin	MFC QUAD SET OS 30/C G-10
Fin box	US
RS S	37.5/2

Model	Wave Cult 83 LTD Quad Fin V4
Volume	83 lts
Size	231x58cm
Fin	MFC QUAD SET OS 35/C G-10
Fin box	US
RS S	40.5/7

Model	Wave Cult 92 LTD Quad Fin V4
Volume	92 lts
Size	232x60cm
Fin	MFC QUAD SET OS 35/C G-10
Fin box	US
RS S	45.6/2

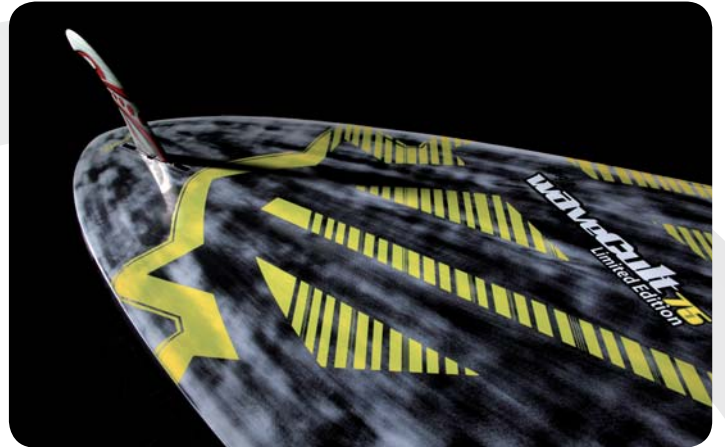

Far forward max width with wide nose configuration

Thin and sharp tail rail line

Single Fin configuration allows to maximize grip and control

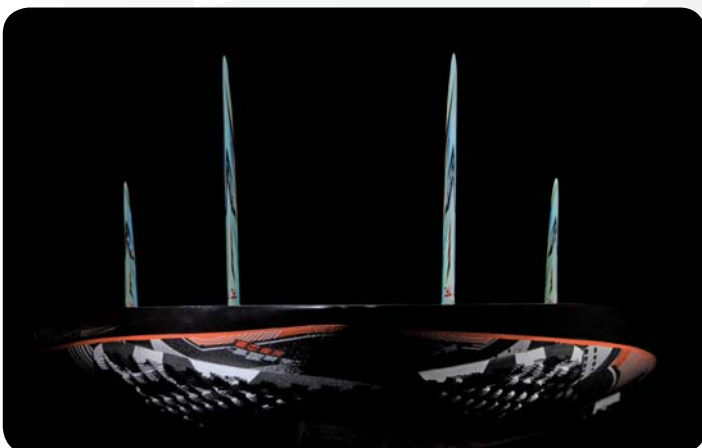

Full V rail to rail configuration from mid board section all the way to the tail

The deck features extra comfort with new 8mm pads and Da Kine straps

Quad fin set up allows the boards to have looser bottom turns and very sharp precise top turns

Wave Cult LTD Quad V4 are equipped with MFC QUAD SET QS CNC G-10

Middle/tail lines are very harmonic and keep a constant curve all the way to the very end of the board
